

CHRISTIAN COLLEGE TO OPEN TUESDAY

Informal Exercises Will Be Held at 10 O'clock in the Chapel.

ENROLLMENT IS 325

Special Trains Will Bring Many Students Tomorrow and Thursday.

Christian College will hold its opening convocation at 10 o'clock next Tuesday morning in the Dorsey Memorial Chapel. Opening exercises will be very informal and will be held in the chapel because the auditorium is being redecorated and will not be ready for use until later in the month.

The enrollment at the present time, including both day and dormitory students, is 325. This is the largest enrollment in recent years. The waiting list was started August 15 and all the field agents were recalled. Pupils are registered from all over the United States. There will be one pupil from China. Christian College claims the largest area of patronage of any girls' college in the state.

Students will be met in Kansas City, Wichita, Kan., and St. Louis by special cars and will arrive in Columbia Wednesday and Thursday of this week. A reception will be held Friday evening in honor of the faculty and students. Saturday night the old students will give a party in the gymnasium in honor of the new students.

Extensive improvements have been made in the college buildings. The auditorium and the drawing rooms have been decorated by a mural artist from St. Louis and a number of rooms on the third floor have been remodeled for new students. Twenty-two new pianos have been ordered in the music department, including five grand pianos.

The tennis and hockey grounds are being prepared for use and the new natatorium, which will be completed the latter part of November, will be one of the finest of its kind in the state. It will be a separate building and will join the gymnasium. The pool will be 60 by 25 feet, tile lined and built on the very best scientific lines. There will be fully equipped dressing rooms and showers and the latest plan for filtration and refiltration. President St. Clair Moss has visited most of the swimming pools in the state. The pool will be opened at certain times to the citizens of Columbia.

A formal opening of the remodeled auditorium will be held later in September, with a recital by five teachers of the Conservatory of Music.

A course in journalism will be offered this year to the seniors in the college department. The courses will be given at the University.

MONGOLIAN BANDITS TAKE CITY For Two Months They Have Been In Possession of Hallar.

By Associated Press
HALLAR, Manchuria, Sept. 11.—Officials of the Russian government are endeavoring to induce the Mongolian outlaws, who have seized this city to abandon their depredation and return to Mongolia. For more than two months the Mongolians have been in virtual possession of this large municipality. They have not interfered with the Trans-Siberian Railway and property in the railway zone, but their occupation has stopped all business within, and the town has interfered seriously with the delivery of hides, wool and other products which normally are shipped in large quantities from Hallar.

M. Grave, the counselor of the Russian legation at Pekin, is here negotiating with the outlaws. He hopes to induce them to return to Mongolia. Foreigners have not been interfered with to any extent by the Mongolians but Chinese and Chinese property are absolutely under their sway. The invading party numbers about five thousand. When they first arrived here they carried the red flag of the Russian revolutionists and declared they were in sympathy with the republican movement in Russia. When the Chinese boy emperor was put back upon the throne in China, the outlaws announced they were Chinese monarchists and flew the yellow flag of the monarchy over Hallar. They are now flying the red and yellow flags together, and profess to believe that the boy emperor is still on the Chinese throne.

MAY STOP FORECLOSURES Legislation May Be Passed to Aid All Soldiers.

By Associated Press
MINNEAPOLIS, Minn., Sept. 11.—Legislation exempting soldiers and sailors in federal service from judgments based upon foreclosures will be one of many present day questions discussed at the fourth annual convention of the Farm Mortgage Bankers' Association here this week. Such subjects as "The Future of the Farm Mortgage Business" and "Changes Ahead" are given prominence in the program and in connection with these it is expected that war problems peculiar to the business will be discussed. "Farm mortgage banking is admittedly passing through a crucial period," says the official notice of the convention.

H. M. Hanson of Chicago, secretary of the association, has submitted to the membership a summary showing that seven out of forty-three states have enacted laws granting exemptions from foreclosures to their citizens in the federal military service. Five states failed to report as to whether such laws were on their statute books. The report shows that Iowa has declared a moratorium for soldiers and sailors on all obligations based upon contracts to pay and that cases already instituted against them shall be continued until after the military service is ended or the defendant is dead. Homesteads and property to the value of \$10,000 are exempted from taxation.

Maryland and Massachusetts have new laws designed to relieve their military men from civil processes unless six months after their terms of service have expired and Michigan extends a similar provision to exemption from arrest for all causes except treason, felony or breach of the peace. Oregon's moratorium applies to property owned in whole or in part by men in active service. It is limited to sixty days after discharge from the army or navy.

SPORT

Tiger football players this fall will have plenty of new equipment. Coach "Johnny" Miller was busy all this morning unpacking several large boxes of equipment from various sports goods houses. Included in the material received are five dozen pairs of football shoes, ten dozen jerseys, half a dozen footballs and smaller amounts of shoulder pads, belts, pants, helmets and other necessary articles. It is the custom of the athletic department to get new equipment each year, and the war has had no effect on the preparations in this way for the 1917-18 football season.

Tennis Courts Ready For Opening of School.

The tennis courts are being leveled and rolled in preparation for the opening of school next week. Several of the courts have grown up in weeds during the summer, but all these will soon be ready again for use. The football field will next be prepared. It is not necessary to cut the grass on the gridirons, however, as several weeks of hard practice suffice to reduce it considerably by the wearing down method. Coach Schulte has ordered his football material to be on hand by September 15 to begin practice.

FORMER STUDENT IN TROUBLE

Police Hold Harry Stevens For Threatening To End His Life.
Harry C. Stevens of Kansas City, who attended the University of Missouri the last semester of 1915-16 and the first semester of 1916-17 is in trouble in Lawrence, Kan. A dispatch from there says Mr. Stevens, was taken into custody at the request of his father, I. Stevens, because the young man threatened to kill himself unless his father sent him money.

The threats were made over a long distance telephone and the father immediately notified the Lawrence officers. A decoy telegram brought Stevens to a telephone office, where two officers were waiting. It was only after a struggle that Stevens submitted to the larger men. A two-ounce bottle of carbolic acid was found in young Stevens' pockets.

Papers found on Stevens tell of varied travel. He was at the University of Missouri for a time during the past school year; had a receipt for a fine of \$5 paid after conviction of violating a park ordinance in Chicago, and a receipt for \$7 paid for flowers sent to a girl living on Armour boulevard, Kansas City. He had cards showing that he had worked as an agent in St. Louis.

"I was arrested because of a peculiar whim of my father," young Stevens asserted.

COMING TO EXPLAIN FARM LOAN SYSTEM

Myron A. Waterman Will Speak at a Meeting Here Saturday.

FORM ASSOCIATIONS

Federal Land Bank of St. Louis Active in Pushing the Plan.

The Federal Land Bank of St. Louis is taking vigorous action in complying with the numerous requests of farmers throughout its district for the organization of National Farm Loan Associations, which is the local chartered organization through which actual farmers can obtain the financial privileges of the Federal Land Bank.

Myron A. Waterman, special assistant in charge of organization for the Federal Farm Loan Bureau of Washington, will attend a meeting to be held in Columbia at the Courthouse at 2 o'clock next Saturday afternoon and explain the workings of the federal land bank system. He will answer questions pertaining to the institution.

The Federal Land Bank Law is designed to bring prosperity to the farmer by and through this institution, in giving him a rate of interest always kept at the minimum and thereby giving land values stability, and is intended to benefit all other business interests in proportion, since they are all dependent upon the farmer.

The gist of the system is that actual farmers can borrow on their farms 50 per cent of their actual value and 20 per cent of insurable improvements, to the extent of from \$100 to \$10,000 at 5 per cent interest and on from five to forty years' time, payments to be made on an amortization plan and any part or all of the loan can be paid after five years at any interest-paying period.

Builds Booths in His Cafe.

George Hennerich, proprietor of the Harris Confectionery, today started the installation of eleven booths in his cafe. Six solid oak booths, which will seat six persons, will be placed on the north side of the store, while five will be put on the south side. The tables will have marble tops. The booths will be lighted by small lights on the top. The "grey room" has been redecorated and will be again used for dinners.

ORDER OF PUBLICATION.

State of Missouri,) ss.
County of Boone,)
In the Circuit Court, in vacation before October Term, 1917.

Lizzie Sloan, Plaintiff,
against (25023)
Marshall Sloan, Defendant.

The State of Missouri, to the above named defendant, greeting:
Now on this 15th day of August, 1917, in vacation before the October Term, 1917, of the Circuit Court of Boone County, Missouri, comes the plaintiff, by her attorney, and files her petition in suit herein, and in said petition states that the defendant is not a resident of the State of Missouri, so that the ordinary process of law cannot be served upon him in this state.

It is therefore ordered by the clerk of said court, in vacation, that the said defendant be notified by publication that the plaintiff by petition herein filed of date August 15th, 1917, has commenced against him in the Circuit Court of Boone County, Missouri, an action in equity, the immediate object and general nature of which is to obtain a decree of divorce from the defendant on the ground of desertion and indignities as set forth in said petition.

It is further ordered that said defendant be and appear in said court, on the first day of the next term thereof, to be held at the Court House in the City of Columbia, Boone County, Missouri, on Monday, October 1st, 1917, to answer or plead to said petition, or in default therein said petition will be taken as confessed, and judgment by default will be rendered against him, in accordance with the prayer of plaintiff's petition.

It is further ordered that a copy hereof be duly published at least once a week for four weeks successively in the University Missourian, a daily newspaper, printed, published and circulated in said Boone County, and designated by plaintiff's attorney as most likely to give notice to said defendant; the last insertion of said order of publication in said newspaper to

be at least fifteen days before the first day of said next term of said court.

A true copy of the record:
Witness my hand as Clerk of the Circuit Court of Boone County, Missouri, and the seal of said court. Done at office in Columbia, Missouri, this 15th day of August, 1917.
